Testimonial for Mr. Vishal Jeevan and his team at FSD Consulting

Mr. Vishal Jeevan and his team at FSD Consulting helped redesign the School of Meaningful Experiences head office at Koramangala Bangalore. Mr. Vishal himself made weekly visits to the site and ensured that the work was finished on time. Despite the Covid19 lockdown, he and his team were accessible and provided all the drawings and designs without any delay. He even co-ordinated many things with the vendors which helped us smoothen the communication gaps and reduce the costs. The facility looks world class and makes me feel positive every time I enter. Kudos to Mr. Vishal and his team at FSD Consulting.
